

CARBINE OPERATOR CERTIFICATION

Course Description:

Law enforcement agencies across the nation have begun to recognize the necessity for officers to be armed with a weapon that provides capabilities beyond the handgun or shotgun. This 32 hour, POST-approved Carbine Operator Certification course is designed to provide law enforcement officers the necessary skills to deploy with the law enforcement carbine as a duty weapon. The student will develop a full understanding of the capabilities of the carbine, to include: appropriate set up and accessories for the carbine, weapons maintenance, fundamentals of shooting, proper zeroing, "combat" shooting techniques, use of various positions and cover, efficient weapons manipulation skills, malfunction clearances, understanding wound ballistics, tactics and techniques for fighting with the carbine, extended range shooting, low light / night techniques, and use of optical sights.

The training staff is comprised of individuals who have a wealth of experience utilizing this weapon in real world situations; from police patrol duty and police special weapons teams, to military Special Operations conducted in the War on Terrorism.

Students should expect a fast paced and physically active learning environment that will include running, kneeling and quickly assuming various unique shooting positions.

Student Must Provide:

- Carbine w/ tactical sling
- Duty belt / holster / handgun
- 1000 rounds carbine ammunition
- Tactical vest (optional)
